About Me

Motivated MCA student specializing in Artificial Intelligence and Data Science, with strong skills in Python, C++, JavaScript, HTML, CSS, SQL, and MySQL. Completed a 9-month Web Developer internship at WebArcLight with hands-on experience in front-end and back-end development, UI/UX optimization, and responsive design. Knowledgeable in Probability and Statistics, skilled in prompt engineering, software testing, debugging, and quality assurance, and passionate about building efficient, scalable, and user-friendly applications.
